

Product	Chem. Description	Features and Benefits
<b>Oelbase® 250</b>	100% blown Rapeseed Oil	Water insoluble with a defined viscosity. Excellent as lubricant in emulsifiable and non emulsifiable metalworking fluids as well as chainsaw oils, shear and high temperature stable. Improved lubricity due to high polarity. V40: 250 mm <sup>2</sup> /s.
<b>Oelbase® 460</b>	100% blown Rapeseed Oil	Water insoluble with a defined viscosity. Excellent as lubricant in emulsifiable and non emulsifiable metalworking fluids as well as chainsaw oils, shear and high temperature stable. Improved lubricity due to high polarity. V40: 460 mm <sup>2</sup> /s.
<b>Oelbase® 770Z</b>	100% blown Rapeseed Oil	Water insoluble with a defined viscosity. Excellent as lubricant in emulsifiable and non emulsifiable metalworking fluids as well as chainsaw oils, shear and high temperature stable. Improved lubricity due to high polarity. V40: 770 mm <sup>2</sup> /s.
